Dear Keith,

**You ask yourself the same question every year,
"What do I get my wife for Christmas?"**

With Christmas quickly approaching and your busy work schedule that familiar knot in your stomach will only be growing larger. You remember the stress last year of trying to figure out what to give your wife for Christmas. You waited until the last minute and then made an impulse purchase. That gift would have been great if you were giving it to yourself. Why put yourself through that painful situation again this year?

You love your wife and you want her to know it. So decide right now that you are going to finish your shopping today. All you need to do is call before Dec. 20th and take advantage of this special holiday offer and we'll include two FREE gifts that will be difficult even for you to pass up.

Give your wife the White Glove Service this Christmas!

Your wife deserves the very best care and attention so treat her to a gift she will enjoy the entire year. The windows will be so clean her girlfriends will all be asking her how she does it. You'll just sit back and smile knowing that the windows are clean and you didn't have to do a thing.

Think of all the time you'll save and your personal safety by having us do the work. Time you could spend playing golf with the guys. Your wife will gladly let you go.

Let the guys at Clearly Windows help you look like a hero! Just schedule the first window cleaning for January and then we will be there every 3 months to perform the required services.
