

“An Opportunity You Can Put Right in the Bank”

Let me help you fill this bag over and over when you use **Champion Recruiters** to win the Proposal Managers, Proposal Writers, And Security Cleared Employees of your Dreams!

Dear Friend,

It seems strange. It's not often you get a bank bag in the mail. But if I'm going to cut the clutter and get through to you, it's what I have to do. Plus, I've got something to tell you that's so great it can literally help you fill your own bank bag with money, and I thought I should let you know.

You may remember me as the guy who called and sent you the 24-page, *Five Fundamentals of Sales, The Definitive Guide to Attracting The Best Government Employees to Your Company* a few weeks ago. If it hasn't arrived, give me a call right now at 770-291-0636 and we'll get you a new one right away.

Speaking of that small E-Book, it was born out of necessity with employees not lasting beyond the 60-day grace period. You can understand that a bad hire stinks for both of us! This fixes that.

Your use of this Free E-book will increase your ability to hire the best people for the best price. Understanding that you are selling your company to the employee as much as they are selling themselves to you is key and this guide will help you win the negotiation for maximum success!

But here's the real reason you're receiving this bank bag...

Get Amazing Introductory Pricing On Our Best, Most Proven Government Contract Recruited Positions

The following pages are what I call our “**Super 6.**” These are the top needed and most difficult positions to fill. They continually flummox hiring managers because it seems that only hours and hours of time, plus a little magic fairy dust, works in finding these people..

From now until Feb. 23, 2018, you can take advantage of this amazing deal on the “Super 6,” our six most requested “Purple Unicorns”. Go to the end of this letter to see these great deals for yourself.

Many people such as yourself have had spotty relationships with recruiters over the years. Sadly, sending over anyone with a pulse is a pretty normal occurrence in our industry.

Jinger and I, who broke away from our old firm to start Champion Recruiters, had the same experience as you. In fact...that is why we left to start a new kind of firm that values hard, honest work and ethics of a Catholic Nun. Maybe not that good.

But most of all what you can count on with us is absolute communication! You will know exactly what stage we are with the candidates and what they are thinking in their head so you know where to focus your time most profitably!

My dad taught me that time is the most valuable asset we have...We will NOT waste a minute of your time! So...

What Do You Have To Lose?

With the bargain-priced “**Super 6,**” you’d be crazy not to at least test Champion out and that’s all I’m asking you to do. Give Champion Recruiters a shot. Now is the time to get maximum value and minimum cost. There won’t be any better time to test Champion than right now. See the last page for our “Super 6” and either call in or email or we are now even accepting smoke signals!

Here’s What You Have To Do Next

Give us a requisition. Just one order so we can show you in real time how this industry should be run! You don’t know me very well yet but if you did you would know I hate discounting. But to entice you to give Champion Recruiters a test-run I’m breaking my own rule. Don’t expect to get prices like this very often... **This is a once a year (at MOST) occurrence. Just** E-mail in the *Fast Action Response Form* or give me a call at 770-291-0636 to put the “Super 6” Champion Recruiters to use in your company.

To Your Wild Success,

Dan Jourdan

P.S. We don’t discount very often and you likely won’t see these prices from me for at least another year or more. Check them out now, use the Fast Action Response Form,

P.P.S. The deadline to take advantage of this great opportunity is Feb. 23, 2018. Why don't you decide right now what you're going to do before you forget, I'll leave you with a quote from one of my favorite authors, Napoleon Hill,

"Procrastination is the bad habit of putting off until the day after tomorrow what should have been done the day before yesterday."
